AMENDMENT TO SAAA RULES

April 10, 2003

Addition to Section 1: General Event Rules

Amends 1c to add the following:

Judges shall be permitted to measure longest throws only, measured from the center of the trig-board. Throws shall be marked with a flag with the name of the athlete clearly printed on it. In cases where the throws are close in distance, the athlete may have multiple flags.

(Easiest way to keep track of the current longest throw is by the use of a string or tape, run to the place of measurement to "check" the distance)
